

ANGOSTURA GROUP OF COMPANIES

FOOD SAFETY, ENVIRONMENTAL HEALTH AND SAFETY AND QUALITY POLICY

The Angostura Group of Companies regards sound food safety, environmental, health and safety and quality management as an integral part of our commitment as they relate to our operations and our role in the food chain. We are committed to our customers, clients, associates and employees and have pledged to provide them with safe and reliable products in an environmentally sensitive and food safe manner and will apply the principles and practice of continuous improvement accordingly.

Our Food Safety, Environmental Health and Safety and Quality Management System will be maintained by:

- Setting objectives and targets to improve food safety, environmental, health and safety and quality performance
- Complying with all relevant statutory and regulatory requirements, laws and regulations, codes of practice, and mutually agreed requirements of our customers.
- Ensuring that the food safety, environmental, health and safety and quality policies, programmes and performance standards are an integral part of our planning, purchasing and operating decisions, with the goal of preventing accidents and injuries and ensuring minimal impact from our activities.
- Preventing pollution and reducing the amount of waste generated, using energy efficiently, reusing and recycling as far as is reasonably possible.
- Being a responsible corporate citizen, concerned for the food safety, environment, health, safety, quality and well being of our employees, visitors, interested third parties and the communities in which we operate, by employing safe technologies and operating systems and procedures, as well as being prepared for emergencies.
- Providing appropriate food safety, environmental, health and safety and quality training and educating employees, visitors and contractors to be responsible and to comply with our safety rules, programs and procedures and to adhere to our prerequisite programmes and good manufacturing practices.
- Adequately addressing communication with our suppliers, customers and consumers as it pertains to maintaining the high standards for our products.
- This Food Safety, Environmental Health & Safety and Quality Policy has received the full commitment of the Board of Directors and is endorsed and supported by all levels of staff throughout the organisation. This policy shall be reviewed once per year for continued suitability.
